Glossary

Accident Indicator

CARFAX receives information about accidents in all 50 states, the District of Columbia and Canada.

Not every accident is reported to CARFAX. As details about the accident become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- According to the National Safety Council, Injury Facts, 2021 edition, 5% of the 276 million registered vehicles in the U.S. were involved in an accident in 2019. Over 77% of these were considered minor or moderate.
- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 8/9/23 at 2:25:47 PM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

Failed Emissions Inspection

The emissions check performed during a vehicle inspection indicated the vehicle was emitting more than allowable emissions standards and/or had missing or modified parts. Repeated failed emissions records can indicate engine problems and CARFAX recommends you have the vehicle inspected.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Inspections

Many states or counties require annual or biennial emissions and/or safety inspections. Odometer readings are collected at the time of the inspection.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

Toyota Recall / Service Campaign

Portions of this report have been included under license from Toyota Motor North America, Inc. ("TOYOTA"), License Agreement TMS1013 . This data applies only to vehicle marketed or originally sold in Mexico and the United States of America, including Guam, Saipan, American Samoa, Puerto Rico, the U.S. Virgin Islands and the other United States territories and protectorates with currently open safety or emissions recalls, or service campaigns. While TOYOTA provides data to Carfax Inc. on a regular basis, this report may not include very recent activity.
