## This Vehicle's Glossary

---

Below are the specific definitions for events that appear in this vehicle's report.

More information is available in the full [AutoCheck glossary](#).

Term	Section Location	Definition
Accident or Vehicle Damage	Vehicle Use and Event Check	Reported accidents or damage events are a result of vehicle collisions or other non-collision incidents such as vandalism or theft. Not all accidents or damage events are reported to AutoCheck. Certain accident or damage events are reported by the source to have resulted in minor, moderate or severe damage to the vehicle, or the events are calculated by AutoCheck to have resulted in minor, moderate or severe damage based on the information reported. It is recommended to have pre-owned vehicles inspected by a third party prior to purchase.
Recall	Full History	A safety recall can be independently conducted by a manufacturer or ordered by the National Highway Traffic Safety Administration (NHTSA). In either case, the manufacturer must file a public report containing a description of the issue, the vehicles involved, and other information including a description of the solution. The manufacturer is obligated to provide a free remedy for vehicles involved in a safety recall.
Open Recall	Full History	A recall is considered "open" for a vehicle when it has not received the required service to correct the safety concern. The vehicle will need to be taken to a repair center that has been authorized by the manufacturer to correct any open recall conditions.
